

shortbread

Egg-Free

Gluten-Free

1 bag
12 tablespoons
2 tablespoons

Scone Mix (10 oz)
butter (unsalted is preferred)-cold and chopped into ¼ inch pieces
half and half or milk

Makes 16 pieces.

Preheat oven 350 degrees. In a stand mixer with a paddle attachment, combine all ingredients until the dough comes together in one ball. The mixture will look like sand but be patient and it will pull together.

Pat dough into 8 or 9 inch circle on parchment paper; place on cookie sheet. Score dough into 16 pieces and prick with a fork. Cut out center with a biscuit cutter and bake. Put cutter back in dough center for baking-this helps the center bake. Place the collar of a spring form pan (not the bottom) over the dough and place in oven.

Bake 25 minutes.
